And here's the most important reason DATA's Golf Tournament is worth the drive!

As a 501(c)(3) transportation management association (TMA), DATA works tirelessly to help manage mobility in the commercially critical Dulles area. The Annual Golf Tournament is one of three annual fundraisers that help provide the matching funds DATA needs to qualify for the state and federal grants that underwrite its mission. Working with employers in Fairfax, Loudoun, and Prince William Counties, **DATA helps implement programs that reduce congestion on area roads by encouraging employee transportation choices** from car-and vanpooling to taking transit. DATA promotes **sensible development like the Silver Line extension and the Route 28 improvements** through seminars and forums. And groundbreaking DATA initiatives like Live More Commute Less® (www.livemore.us), E3Calc (www.e3calc.com) and the Onsite Rideshare Coordinator help **improve the quality of life for citizens throughout the region.**

Participate as a player **and** consider our sponsorship opportunities, showcasing your company to **more than 100 of the area's most influential business leaders.**
