Part-Time Rideshare Coordinator

DESCRIPTION OF WORK
(This job description is not intended to be an exhaustive list of all duties, responsibilities, or qualifications associated with the job.)

* Administers elements of DATA’s Rotating Rideshare Coordinator Pilot program.
* Works on-site at various hotel locations within the DATA service area during morning, lunch time and afternoon hours (exact schedule to be determined) assisting hotel staff in forming car pools, maintaining existing car pools, and facilitating ridematching through locally established web-based services. May also be asked to assist in the formation of vanpool services as well.
* Develops and implements action plans to achieve specific performance-related rideshare pilot program goals.
* Works with other DATA staff and external partners to ensure the coordinated operation, outreach, and communication of the DATA’s rideshare pilot program.
* Assists hotel employers with presenting and implementing rideshare opportunities and provides recommendations to implement or enhance rideshare efforts at hotel worksites.
* Demonstrates and provides non-technical training on web-based outreach tools, including but not limited to Commuter Connections web-based services.
* Assists DATA staff in conducting presentations to employer and employee groups.
* Ensures quality customer service delivery of rideshare products and services.
* Documents and reports rideshare pilot program efforts and performance measurements, including but not limited to total participants served, new recruitments and programs established.
